BUSSE WINS OVER DUNNE IN CHICAGO

Republican Candidate Receives Large Plurality.

STREET RAILWAY QUESTION TO

Be Settled by Traction Ordinances. Campaign Bitterest Chicago Has Ever Known—Hearst Took Part of Dunne in the Fight.

Chicago, April 4.—The most intense campaign in municipal politics that Chicago has experienced in many years closed Tuesday night with the election of Frederick A. Busse, the Republican candidate for mayor, over Mayor Edward H. Dunne, his democratic rival, and a candidate for reelection, by a plurality of between 10,000 and 15,000. The issues in the campaign have been largely based upon the improvement of the local traction systems.

Both parties were agreed that present conditions were intolerable, but differed as to the best method to be employed in revising them. The democratic party headed by Mayor Dunne stood for immediate municipal ownership through condmenation of the street car properties if the result could not be obtained in any other way.

The Republicans favored ordinances passed by the city council over the veto of Mayor Dunne These ordinances provided for 20-year franchises for the street car companies, the city retaining the right to purchase the systems for $50,000,000 plus the amount to be spent for immediate rehabilitation of the lines; six months' notice being necessary of the city's intention to acquire the property. The ordinances also provided for universal transfers throughout the cityy a 5-cent fare and 55 per cent of the net revenue of the companies to be paid to the city.

The fight for and against the adoption of these ordinances has been exceedingly bitter. They were carried by a majority of about 40,000 votes.

The vote Tuesday showed a decided reversal of public opinion on the question of municipal ownership, compared with the last mayoralty campaign two years ago. At that time Dunne received 163,189 votes against 138,671 for John M. Harlin, the republican leader. The prohibitionist ticket received 3,294 votes and the socialist 25,034.

This year the Republican vote was close to 165,000, and that of the Democrats close to 148,000. The prohibition vote ran slightly above that of two years ago, while the socialist vote fell off heavily, it being more than 12,000 votes less than that of the first city election.

The campaign has been one of the most bitter the city has ever known Charges and counter-charges have been hurled back and forth, the personal lives of the candidates have been held up to the public and all throughout the entire campaign speakers on both sides have indulged night after night in tirades that were filled with invective and abuse.

Photography of Breath.

Berlin, April 4.—The science of photography of breath was explained Tuesday at the annual meeting of the Roentgen ray conference. Cinematographic pictures of the breathing of sick and healthy persons were thrown upon a screen. The inventor of the method is Dr. Kohler Weisbaden. It is expected that the discovery will play an important part in the diagnosis of tuberculosis and other respiratory diseases.

$200,500 Fire Loss.

San Francisco, April 4.—J. A. Britain, president of the San Francisco Gas and Electric company, estimated the loss at $2,500,000 in Tuesday night's fire. He says it was a $7,000,000 plant, and that one-third of it was destroyed.

Japanese For Vancouver.

Honolulu, April 4.—Three hundred Japanese will leave here on the ship Korea for San Francisco, whither they will be shipped to Vancouver, B. C.

HILL RESIGNS AS PRESIDENT

And His Son Is Named to Head the Great Northern.

St. Paul, Minn., April 4.—J. J. Hill has resigned as president of the Great Northern, and will be chairman of the board of directors. L. W. Hill, his son, was chosen president. The following statement was made:

"At a meeting of the board of directors held here Tuesday afternoon, the organization of the company was enlarged by the election of a chairman of the board of directors. J. J. Hill was elected chairman; L. W. Hill was elected president, and F. H. McGulgan first vice president. Mr. McGulgan will have direct charge of the operating department, the other officers of the board remaining as at present. The company's business has doubled in the past five or six years, which renders necessary the increase of the operating staff."

Will Plead Mental Irresponsibility.

Washington, April 4.—Mrs. Annie Bradley, who shot to death former United States Senator Arthur Brown, of Utah, in a hotel in this city, Dec. 8, last, will plead mental irresponsibility as her defense to the indictment for the murder. This fact came out when her counsel Tuesday asked the supreme court of the District of Columbia for an order authorizing the summoning of thirteen witnesses from the west to be brought here at government expense to testify in her behalf. Accompanying this motion is an affidavit in which Mrs. Bradley says she is unable to pay the expenses of witnesses. It is declared that the defense expects to prove by the witnesses that any act she committed that day "was the result of the diseased condition of her mind, for which she was not responsible. The criminal court may set the trial for April 25.

Bugs Destroy Wheat Crop.

Oklahoma City, Okla., April 4.—C. V. Topping, secretary of the Oklahoma Millers' association, who has received reports from every section of Oklahoma, in a report made public Tuesday estimates that 15 per cent of the wheat and 25 per cent of the oat crop is destroyed by the green bug. There is, he says, not a section where the pest had not appeared, while in some sections both crops are wholly destroyed. The bug is now beginning to fly and it is believed the next ten days will see the end of its ravages.

Found Dead in a Tub.

Savannah, Ga., April 4. His mother dead in a tub of water, was the distressing sight that met the gaze of William Lee, when he arose for his breakfast. His mother, Mrs. Daniel Lee, had tripped over a stick of wood and fallen into the tub, where he suffocated. His efforts to revive her were without avail. Mrs. Lee was 65 years old. She lived in her own home, with her son, her only relative, on Williamson street. She arose to get breakfast, and it was while going about this task that the accident occurred.

Drunken Negro Was Killed.

Jefferson, Ga., April 4.—A negro named Dillard Harris was shot and killed by Harvey Roberts at Pendergrass, Ga., a double-barreled shotgun being used. The negro was said to be drinking and went to the home of Mr. Roberts and began using vulgar and obscene language. Mr. Roberts ordered the negro to leave his premises. This the negro refused to do, and advanced upon Mr. Roberts with a pistol. The latter shot him in the left side, from which wound Harris died soon after.

Man Blown to Atoms.

Hammond, Ind., April 4.—One man was blown to atoms and a small store house of the Aetna Powder company at Aetna, Ind., was completely destroyed Tuesday, by the explosion of 1,000 pounds of dynamite. The cause of the explosion is not known.

Disaster Not Caused by Malice.

Toulon, April 4.—The report of the official naval tribunal of its inquiry into the battleship Iena disaster rejects the possibility of malice as an explanation of the explosion and attributes it solely to the powder "b."

AMERICA WILL NOT ALLOW BOMBARDMENT

Of Honduran And Nicaraugan Ports.

BUT WILL NOT PREVENT THEM

From Landing and Re-Capturing Surrendered Cities—United States Officials Have Hoschkiss Guns Trained on the Harbor.

Puerto Cortez, Honduras, March 28 by way of New Orleans, April 3.—The intentions of the United States in landing marines on the Honduras coast and the evident latitude granted them in protecting foreign life and property is exciting much comment here.

It has been remarked as especially significant that the American landing parties not only here but at Ceiba and Truxillo have in each instance placed a Hotchkiss gun, which they took asohre with them as to sweep the seaward approach.

The foreigners believe that this means the United States will not permit the ports to be bombarded.

Inasmuch as 90 per cent of the houses here and at Ceiba belong to foreigners, cannon shot fired into either place would do most damage to foreign owned property. It is believed that in case of these two ports Nicaraguan gunboats will be kept off by the Hotchkiss guns, while at Truxillo despite the fact that it is a Honduran port, the Honduran gunboat will not be allowed to bombard in any attempt to recapture the port from the Nicaraguans. Both countries are treated impartially in this respect. Although the powers granted Commander Fullam, of the American gunboat Marietta, which landed these parties, are believed to be sufficiently broad to prevent naval attacks, yet the foreigners fear that the Americans would not interfere to stop landing parties from charging the local garrisons and capturing the ports.

The fear, however, that such captures would involve the horrors of a loot has been dispelled, at least for the coast towns where Americans are stationed, by the experience of Truxillo. There the Nicaraguan captors have conducted themselves in a most exemplary manner. Reports of conditions at captured interior towns are not so satisfactory. At Truxillo, Commander Fullam is reported to have summarily the difficulty arising over the burning of some houses, and also one between United States Consular Agent John T. Glynn and the Nicaraguans. Details about either of these affairs are not available here.

At Puerto Cortez the dozen marines comprising the landing party are quartered in what is perhaps in the United States the most widely known of Honduran buildings, namely the mansion formerly occupied by the Honduras National Lottery company. The marines occupy a large room where the lottery drawings were held and the Hotchkiss gun stands on the veranda. This handful of marines is in the midst of about 1,500 Honduran soldiers, who are continually busy drilling and throwing up fortifications.

New Orleans, April 4.—The unusual coincidence of half of a country not much more than 200 miles broad, remaining in ignorance for at least a week afterward of the fall of its capital, and flight of its president, is shown to exist by dispatches from Puerto Cortez, and by the stories brought here by fruitship passengers from all the Caribbean ports of Honduras.

As late as last Wednesday fully 1,000 men engaged in a sanguinary half day's battle was between 400 revolutionists and troops of General Guerrero, a Graciano Indian leader, who was executing an order issued by President Bonilla before he had fled, more than a week previously.

Guerrero wired the news of his victory to that part of Honduras which was still more or less loyal to Bonilla and ignorant of the disastrous outcome of the war. He did not give the number of killed.

Fruitship passengers all tell of the busy preparations of the soldiers in the Caribbean port towns. They say that these soldiers swarm so thickly that at night a person cannot stir about without being continually challenged and compelled to give the password. They say also that these people are still placing implicit faith in the ultimate success of Lee Christmas, the American from Memphis, Tenn., who they believe to be heading an expedition into Nicaragua, although he was reported wounded and captured several days ago by Nicaraguans. Many of these soldiers the passengers say, are little more than boys, and their confidence in their country appears almost pathetic.

Lottery Man Arraigned.

New Orleans, April 4.—John M. Demarest, of New York, was arraigned before the United States commissioner here on the charge of being a party to the transmission of lottery matter through the mails from Mobile, Ala., and gave bond for his appearance before the federal grand jury for the southern district of Alabama. Joseph L. Shaw, also of New York, will be arraigned on the same charge to them. The men formerly lived in New Orleans.

Negro Admits Being With Robbers.

Palestine, Tex., April 4.—J. C. Riles, a negro, was arrested at Oakwoods and brought to Palestine late Tuesday night in connection with the express robbery at Elkhart, on March 21, when the messenger was assaulted and thrown from the car. Riles admitted being with two other negroes who committed the robbery.

Fayette Pauper Home Burns.

Fayetteville, Ga., April 4.—The main building of Fayyette county pauper farm has been burned. The fire is supposed to have caught from the roof. J. E. Gibson, superintendent was living in the residence. Only a few things were saved, with no insurance. The inmates were in other buildings.

$60,000 Fire at Newberne.

Newberne, N. C., April 4.—Fire that started in J. M. Arnold's stable early Tuesday, spread to the block of residences on Pollock street, and a number of fine houses were burned. The First Baptist church was on fire, but it was put out. Twenty horses were burned in the Arnold stables. The loss is estimated at $50,000.

Paper Makers on Strike.

Glenns Falls, N. Y., April 4.—All the paper makers employed at the International Paper company's plant at Fort Edward, went out on strike on Tuesday night. The paper makers demand the dismissal of members who deserted their union and joined the mill workers.

Democrats Carry St. Louis.

St. Louis, Mo., April 4.—As a result of the city election Tuesday, the republicans concede to the democrats the city council ticket, entire, all members of the school board, and 15 of the 28 members of the house of delegates. The democrats claim five additional.

Convict Took Bailiff's Gun.

Waynesboro, Ga., April 4.—Buddie Johnston, a negro convict, escaped from Bailiff Porter by a pretext which allowed him to be freed for a few minutes, during which time he took Porter's gun and told him to go. Sheriff Johnston is doing all in his power to recapture the escaped convict.

Permitted to See Her Children.

Florence, Italy, April 4.—Former Princess Louise, of Saxony, now known as the countess of Montignoso, has obtained permission to see her children and will shortly leave for a visit to Munich.

Reform Candidate Was Beaten.

Huntsville, Ala., April 4.—In the municipal election R. E. Smith, administration candidate, defeated Judge Speake, the reform candidate, but elected their aldermen.

Siamese King Sails for Europe.

Bangkok, Siam, April 4.—The king of Siam and his suite sailed Wednesday for Europe on the steamer Saxhsen.

GIRL KILLED ON LOOKOUT MOUNTAIN

Body of Girl Found With Her Throat Slashed.

DIED IN AN OLD RAILROAD CUT

Two Atlanta Boys Were the Chief Witnesses Before Coroner's Jury. Victim Was Arrested in Atlanta on Last Sunday night.

Chattanooga, Tenn., April 4.—On Tuesday afternoon about 3 o'clock the lifeless body of Lillie Palmer, a handsome 18-year-old girl of Atlanta, was found in an abandoned railroad cut on the side of Lookout mountain with her throat cut from ear to ear.

The authorities are looking for Ed Turner, who came here from Atlanta with the woman and who was last seen with her.

Excitement was high near the scene of the killing, and had Turner been found in that section, a necktie party would have been the result.

The evidence adduced before the coroner's jury came largely from F. B. Reeves and J. E. Jones, both Atlanta boys, who came here on the same train with the couple. They stated that Turner and the Palmer woman had been married that later she had gone into a house in Atlanta.

They reached the city Monday night at 9:40 o'clock. Tuesday the four went to the foot of the mountain, Turner and the woman starting to walk up the mountain and the boys returning to the city.

Turner was later seen to take a car to the city. He was alone. All efforts to locate him have been futile, and he is supposed to have left Chattanooga on an early train.

The only cause that has been assigned for the murder is jealousy.

It is stated that Turner did not want to go back to Atlanta and that she had determined to return with Jones and Reeves.

The victim of the killing was arrested in an Atlanta hotel Sunday night charged with disorderly conduct. Early Monday morning the woman's husband called at police headquarters and put up $51.50 collateral and secured the release of both the young man and his wife.

Earthquake Caused Panic.

Ponta del Gada, Island of St. Michaels, Azore Islands, April 4.—Violent earth shocks prevailed throughout this island during the night. The worst disturbance occurred at Villa Franca, where the panic-stricken people fled to the outskirts of the town. The wealthier inhabitants are leaving Villa Franca, the ancient capital of St. Michaels, which was twice previously destroyed by volcanic eruptions, being practically swallowed up by an eruption of mud in 1522.

Attacks Made on Street Cars.

Montgomery, Ala., April 4.—At a late hour Tuesday night simultaneous attacks were made on cars of the traction company at remote points in the suburbs of the city. Fourteen shots were fired into one car, which carrried a number of passengers. No one was hurt. In West End several shots were fired at another car, but no damage was done. Detachments of police were rushed to the scene, but no arrests were made.

Trucked Records to Court.

New Orleans, April 4.—Before the session of the United States circuit of appeals was opened here Wednesday to hear arguments in the Greene-Gaynor case on appeal from the United States circuit court for the southern district of Georgia, it became necessary to use trucks in transferring the many records in the case from the clerk's office to the court room.

Dropped Dead at Court House.

Richmond, Va., April 4.—E. H. Coleman, who had been clerk of Amelia county for 50 years, dropped dead at Amelia court house Tuesday, his demise being due to heart trouble. He was in his 76th year.

KIRBY SMITH U. D. C. HAD FINE MEETING

Delegates Elected to State Convention in Jacksonville.

PROGRAM FOR APRIL 26

It Was Decided to Observe the Usual Exercises at the Cemetery and Monument—J. J. Finley and Veterans Extended Invitations.

Kirby Smith Chapter, U. D. C., met at the residence of Mrs. L. J. Burkhim in business session at 3:30 o'clock Thursday afternoon, there being a large attendance. The meeting proved to be very enthusiastic and much interest was manifested in electing delegates to the State convention, which holds its session this year at Jacksonville on May 2 and 3. The following names were unanimously chosen: Mesdames J. M. Haile, H. H. McCreary, J. B. Cutler, J. J. Williams and L. W. Jackson. Alternates: Mesdames A. B. Oliver, J. F. McKinstry, E. Haile and A. L. Jackson.

Arrangements were then made for the observance of Memoral Day, April 26. It was decided to have carriages in waiting at court house square at 9:30 for all members of Kirby Smith Chapter who wish to ride out to the cemetery for the purpose of strewing flowers on the graves of our Confederate dead, and we earnestly desire as large attendance as possible to help pay this tribute to these honored men.

The well established and beautiful habit of Kirby Smith Chapter to hold special memorial ceremonies at the monument in the court house square will be fittingly carried out. It was decided to issue invitations to the following to be present at the above named date and hour: J. J. Finley Chapter, G. A. R.'s and Confederate Veterans, also the public in general.

There being no other business the meeting adjourned.

***

J. J. FINLEY CHAPTER.

Interesting Meeting Held Thursday, When Delegates Were Elected.

J. J. Finley Chapter, United Daughters of the Confederacy, held an interesting and largely attended meeting at the home of Mrs. Geo. K. Broome, Thursday afternoon, at which the following delegates were elected to attend the U. D. C. State convention on May 1, 2 and 3, to be held in Jacksonville: Mrs. John M. Taylor, president; Mrs. John W. Tench, Mrs. W. B. Taylor, Mrs. J. L. Kelley. The alternates elected were Mesdames G. K. Broome, W. S. McDowall and J. D. Stringfellow.

The chapter will arrange a fitting program for Memorial day observance when the committee appointed to confer with Kirby Smith Chapter with a view to exercises has made its report.

CARD FROM MR. THOMAS.

He Will Remain a Candidate Because He Wants City to Progress.

To the Voters:

Being deeply concerned over the division of sentiment in Gainesville at this most important juncture of our city's history, a time when instead of being arrayed against each other in our municipal affairs, everyone should be united and working for larger and better things, and desiring to do away with this turmoil in so far as I could, I addressed the following letter to Mr. J. H. Vidal, who is opposing me for the long term on the Board of Public Works. Had he declared himself squarely for public improvements and municipal ownership I should have withdrawn from the race:

"April 1, 1907.

"Mr. J. H. Vidal, City.

"Dear Mr. Vidal—Having only the advancement, upbuilding and Gainesville's best interest at heart, and being extremely anxious to do away, so far as I can, with the unfortunate fight which is now being carried on to the great detriment of our town, I write you this letter.

"I have known you personally from childhood, and there is no citizen in Gainesville for whom I have a greater respect and esteem, nor in whose honesty and integrity I have more implicit confidence and faith.

"This is the most critical period in our city's history, and I am interested in the carrying on and completion of all public work undertaken under the direction of the present Board of Public Works. As a member of this Board, I have advocated and worked for the passage of ordinances covering the system of sidewalks mapped out, the establishment of grass plots and planting oak trees therein, and I introduced the resolution which resulted in the recent report, which I published in my open letter, being submitted, covering the electric light proposition. I stand for these specific improvements.

"Are you in favor of constructing sidewalks, establishing grass plots and planting trees therein, as provided by the ordinances on the streets named?

"Will you pledge your unqualified support to the carrying out of these ordinances?

"Are you in favor of the city owning its electric lighting plant, and will you pledge your unqualified support to the carrying out of this mandate from the people, provided a thorough investigation shows it to be a good business proposition?

"It seems to me that it makes no difference what the personnel of the candidates are, but what they stand for is of vital importance at this time. If you are in favor of these improvements and will pledge your support to the aggressive prosecution of this work, I will be glad to go over this matter with you personally and see if we cannot arrange to do away with the contest for the long term on the Board of Public Works, and in so far as you and I can, stop this division of sentiment and turmoil.

"I never sought the position on the Board of Public Works, but was appointed when I was in the West, and accepted it over the protest of the stockholders of our company, purely as a matter of public duty. If you will take the position I now occupy and pledge to give it the same careful attention which I have given it, and the time it deserves, and will be enthusiastic in carrying out the work which our Board now has in hand, I will be only too glad to rid myself of this responsibility and withdraw from the race in your favor.

"Assuring you that I only want to see that accomplished which will best serve the interest of the city, and asking that you let me have your reply by return mail, I beg to remain,

"Yours very cordially,
"S. J. THOMAS."

"Gainesville, Fla., April 2, 1907.

"Mr. S. J. Thomas, City.

"Dear Sir—Replying to your communication 1st inst., would say, if elected to the position on Board of Public Works, I propose to serve for best interest of the city and people.

"Yours very truly,
"JAS. H. VIDAL."

Mr. Vidal's failure to declare his position forces me to remain a candidate.

If I am elected I shall use my best efforts to carry out the will of the people who voted almost unanimously for street improvements, sewerage and municipal ownership.

Tell us how much Lard your grocer sells and we will tell you how much indigestion is in the neighborhood.

Lard is made from hog-fat and is bound to be greasy and indigestible—sometimes absolutely unhealthy. There isn't an ounce of hog-fat in *Cottolene*. Its basis is just pure, refined Cotton seed oil, which is thoroughly digestible and healthful.

The stomach of the average American has been subjected to lard-soaked food for years simply because people have not known the dangers of the "lard habit." *Cottolene* is so much superior to lard, both as to the palatability of the food it produces and its healthful qualities, that it will surely supplant lard for shortening and frying purposes wherever its virtues are known. Give your poor stomach a chance—divorce yourself from lard, and use *Cottolene*.

Cottolene is made by a cleanly, hygienic, sanitary process, which insures its purity. It is, moreover, healthful, because its chief ingredient is a healthful product. It will aid rather than retard digestion. The housewife who pays any attention to hygienic cooking will use *Cottolene* in place of lard every time.

COTTOLENE was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE another GRAND PRIZE.

"Home Helps" a book of 300 choice recipes, edited by Mrs. Rorer, is yours for a 2 cent stamp, if you address The N. K. Fairbank Company, Chicago.

A NEW FEATURE—The patent air-tight top on this pail is for the purpose of keeping COTTOLENE clean, fresh and wholesome; it also prevents it from absorbing all disagreeable odors of the grocery, such as fish, oil, etc.

Captain Swift Found Guilty.

Washington, April 4.—Captain William Swift, who was in command of the battleship Culebra on Jan. 1, was found guilty of inattention and neglect of duty by the courtmartial which tried him at Norfolk. The navy department reviewed the sentence and it has been announced by Assistant Secretary Newbery that Captain Swift will be suspended from duty for nine months, and will lose three numbers.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SECOND DAY OF THE LEGISLATURE

Strenuous Day's Session of Both Houses On Wednesday.

THE SENATE COMMITTEES

Alachua County Secured Her Share of Honors—House Committees Will Be Appointed Today—Special Message of Governor Broward.

Tallahassee, April 3.—Notwithstanding the fact that the House held only a morning and the Senate only an afternoon session, today was a record-breaker for the second day of a Florida legislative session. In the Senate alone 41 bills were introduced as against 18 for the same day of the session of 1905, not including the several joint and concurrent resolutions and the far more numerous simple Senate cases providing only for the necessary clerkships.

There are a few members of the Senate who have not had previous legislative experience and they are thoroughly alive, and as shown by today's most active work, very little time will be spent in useless debate.

The fact that the House committees will not be appointed until tomorrow, this work requiring, on account of numbers, much more time, prevented the House from proceeding with the most distinct strenuosity of the Senate.

President Harris this afternoon appointed in open session the following standing committees for the Senate of 1907:

Judiciary—H. H. Buckman, chairman; John S. Beard, Thomas F. West, L. C. Massey, Frank W. Sams, John W. Henderson, E. E. Canova, S. W. Clark, James E. Broome, J. B. Crewe, J. R. Willis, Park M. Trammell, E. S. Crill, Joseph H. Humphreys, F. M. Hudson, F. R. Cone.

Constitutional Amendments—John S. Beard, chairman; H. H. Buckman, Frank W. Sams, James E. Broome, J. R. Willis.

Appropriations—Frank Adams, chairman; John S. Humphreys, H. H. McCreary, James E. Crane, John W. Henderson.

Mining and Phosphate—C. L. Leggett, chairman; W. K. Jackson, E. S. Crill, I. N. Withers, F. P. Cone.

Temperance—Joseph H. Humphreys, chairman; James E Crane, I. N. Withers, W. M. Girardeau, F. W. Sams.

Enrolled Bills—F. W. Sams, chairman; James E. Broome, E. E. Canova, Dr. Theo. West, J. B. Crews.

Canals and Telegraph—J. B. Crews, chairman; John S. Beard, H. H. Buckman, James E. Crane, S. W. Clark.

Immigration—D. H. Baker, chairman; F. M. Hudson, W. K. Jackson, John Neel, E. L. Cottrell.

State Affairs—John Neel, chairman; L. W. Zim, Thomas S. Davis, Thomas F. West, F. M. Hudson.

Public Health—Dr. Theo. West, chairman; James E. Crane, W. K. Jackson, H. H. Buckman, E. S. Crill.

Public Printing—H. H. McCreary, chairman; D. H. Baker, W. K. Jackson, J. A. Alford, James E. Broome

Fisheries—F. W. Sams, chairman; J. A. Alford, D. H. Baker, Dr. Theo. West, L. C. Massey.

Militia—Thomas F. West, chairman; Park M. Trammell, L. C. Massey, D. H. Baker, W. M. Girardeau.

Claims—W. K. Jackson, chairman; Joseph H. Humphreys, Frank Adams, John R. Willis, John W. Henderson.

Indian Affairs—F. M. Hudson, chairman; J. B. Crews, C. L. Leggett, Thomas S. Davis, E. L. Cottrell.

Swamps—John R. Willis, chairman; James E. Broome, J. A. Alford, John Neel, Joseph H. Humphreys.

Mineral Resources—L. W. Zim, chairman; Thomas S. Davis, W. K. Jackson, J. A. Alford, D. H. Baker.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

He Goes to Serve for Life.

Parkersburg, W. Va., April 4—Having secured the necessary requisition papers, Deputy Sheriff Charles McAdams and Prosecuting Attorney Tom Dies, of Hardin, Tex., left on Tuesday afternoon for their home at Hountze, Tex., having in charge Ed Singleton, the convicted murderer, who was arrested here a week ago. The prisoner, who killed a bartender named George Clark, escaped from the Hardin jail on the 14th of last October, and would have been sentenced to life imprisonment on the following day.

KIDNEY TROUBLES

MISS KATE A. HEARN

The kidneys are essential organs for keeping the body free from impurities. If they should fail to work death would ensue in very short time.

Inflammation or irritation caused by some feminine derangement may spread to some extent to the Kidneys and affect them. The cause can be so far removed by using Lydia E. Pinkham's Vegetable Compound that the trouble will disappear.

When a woman is troubled with pain or weight in loins, backache, swelling of the limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys, she should lose no time in commencing treatment with

Lydia E. Pinkham's Vegetable Compound

It may be the means of saving her life. Read what this medicine did for Kate A. Hearn, 520 West 47th Street, New York, who writes:—

Dear Mrs. Pinkham:—"I owe a debt of gratitude to Lydia E. Pinkham's Vegetable Compound for it has saved my life. I suffered with Kidney trouble, irregularities and painful periods, and my blood was fast turning to water. I used your medicine for some time and it has made me strong and well."

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs cures Female Complaints, such as Falling and Displacements, and Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache, General Debility and invigorates the whole system. For derangement of the Kidneys in either sex Lydia E. Pinkham's Vegetable Compound is excellent.

Mrs. Pinkham's Invitation to Women

Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass., for advice. It is free.

TWO-CENT RATE GAINS VICTORY

All Mississippi Railroads, but One, Accept the Situation.

Jackson, Miss., April 4.—The railroad commission has won a decided victory in the diplomatic negotiations with the passenger traffic officials of the principal railroads operating in the state on the 2-cent interchangeable mileage question, although doing so, under protest.

The principal trunk lines have agreed to obey the orders of the commission, and only the Louisville and Nashville road will contest the matter in the courts.

At the conference Tuesday it was agreed that instructions will be sent out by the Illinois Central, Yazoo and Mississippi Valley, Queen and Crescent, Southern railway, Mobile and Ohio, and Frisco systems for the sale of interchangeable mileage books.

The Illinois Central will offer the 2,000 mile book for sale at $50, with a $10 drawback at its expiration, good not only in the state, but on all lines of the Illinois Central, and Yazoo and Mississippi Valley outside the state. The Mobile and Ohio road will sell 2,000 miles books at $40 flat, as will also the Queen and Crescent system.

"This is satisfactory for the present, at least," says Commissioner Kincannon, author of the 2-cent order.

"We will have litigation only with the Louisville and Nashville road, and that line operates only 73 miles of track in the state. I believe that the railroads realize that 2 cents mileage is inevitable, and they might as well adopt it now as later."

SHAKE-UP IN POLICE FORCE.

Gate City of the South Names Her Police Officers and Men.

Atlanta, April 4.—The oftrepeated statement that politics has been tabooed by the Atlanta police board received a hard jolt Tuesday evening, when the commission reduced two captains to lesser ranks, recapitated four field sergeants, stripped two station sergeants of their chevrons and bestowed the tin can degree upon 21 high privates of the rear rank. Having thus wielded their ax, the board proceeded to inaugurate a system of civil service, insuring the lucky individuals who were promoted from the ranks or elevated from one office to another of employment during good behavior.

CHILD ALMOST A SOLID SORE

From Skin Disease from Birth Until Six Years Old—Father Spent Fortune on Her Without Benefit—Old Doctor Suggested Cuticura, which Cured Her in Two Months, Leaving

SKIN SOFT AS A BABY'S AND WITHOUT A SCAR

"I have a cousin in Rockingham Co. who once had a skin disease from her birth until she was six years of age. Her father had spent a fortune on her to get her cured and none of the treatments did her any good. Old Dr. G— suggested that he try the Cuticura Remedies which he did. When he commenced to use it the child was almost in a solid scab. He had used it about two months and the child was well. I was there when they commenced to use your Cuticura Remedies. I stayed that week and then returned home and stayed two weeks and then went back and stayed with them two weeks longer and when I went home I could hardly believe she was the same child. Her skin was as soft as a baby's without a scar on it. I have not seen her in seventeen years but I have heard from her and the last time I heard from her she was well. That is where I became acquainted with Cuticura. I hope this may be of some service to you in the future. Mrs. W. P. Ingle, Burlington, N. C., June 16, 1905."

Fire and Riot in Havana.

Havana, April 4.—During the progress of a serious fire Tuesday in which ten houses were burned, entailing a loss of $8,000, a fight occurred among firemen, policemen, citizens and rurales. Two firemen became involved in a quarrel with the police. Bystanders joined in supporting the firemen. The riot assumed such serious proportions that two companies of rurales were called. In the the general melee which followed, the rurales used their machetes, wounding several firemen. A druggist whose store was destroyed, dropped dead.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

Grief Caused Suicide.

Atlanta, April 4.—Grief over the death of his little niece, and not a shortage in his business accounts, is believed to have caused Robert S. Stewart, a bookkeeper, to kill himself Wednesday morning. Messrs. Harper, Weathers & Caldicott, by with whom Stewart as employed, and with whom he is said to have been short in his accounts, do not credit the theory that he took his life because of his financial trouble, but attribute his acts to grief.

Why

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from dyspepsia, constipation, chills and fever, or any liver complaints, when Herbine will cure you. F. C. Waite, Westville, Fla., writes: "I was sick for a month with chills and fever, and after taking two bottles of Herbine am well and healthy." Sold by W. M. Johnson.

FARMERS' UNION HOLDS SESSION

Interstate Convention of the Order at Valdosta.

Valdosta, Ga., April 4.—The interstate convention of the Farmers' union held its first meeting here Tuesday to be followed by a session Wednesday.

Several important committees were appointed at the meeting Tuesday, among them a committee to take up the warehouse question, another on the growing and marketing of Georgia cane sirup, and a third on the improvement and marketing of long staple cotton.

The meeting is being well attended, and much enthusiasm is expressed by the delegates present.

Hon. Thos. E. Watson, who was expected to attend the meeting, and who was billed for an address Tuesday night was unable to attend on account of illness, and this proves to be quite a disappointment to a large number who came to the city expecting to hear him.

State President Duckworth, Secretary Barrow and Organizer Davis are in attendance on the meeting, and the former delivered a very fine address at the court house.

National President Barrett was unable to attend the convention, as he is detained in Atlanta engineering the campaign before the railroad commission for a reduction of passenger fares in the state.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

NO LAW BUT THE WRITTEN.

Judge L. S. Roan, a veteran jurist, and one of the most conscientious and able judges on the Georgia bench, in his recent charge to the Rockdale county grand jury gave the so-called "unwritten law" an excoriation which should stiffen the moral backbone of every citizen who feels himself in danger of being swayed by a maudlin appeal made under its insidious jurisdiction.

Judge Roan reminded each grand juror of his personal responsibility. He told them there was no "unwritten law." Its invocation, he intimated, was an invasion of the majesty of the law upon which rests our civilization.

His commonsense and timely charge should come as a sobering influence upon a people sickened by variations upon this dangerous theme, or in peril of letting emotion riot over judgment to the overthrow of justice and the utter confusion of fundamental right and wrong.

The Constitution denies to no man the right, the duty, to defend the sanctity of his home. Mad impulse always has, always will figure in legal transgression. To a limited extent it will always prove a certain extenuation.

It is the abuse of impulse, the mawkish masquerading of premeditated crime under its cloak, that threatens to become dominant in America today, that threatens to introduce anarchy in place of law and order.

What is its logical, its inevitable outcome?

To make every man the arbiter of his own real or fancied wrongs; to constitute each individual the process-server, judge, jury, witness and executioner!

What protection has any man, woman or child under this grotesque misinterpretation of "justice?"

The thing is cumulative. If the "unwritten law" is invoked today to palliate murder it may, if given public countenance, tomorrow be urged to excuse every crime in the calendar.

That way lies anarchy. There is no law—save the written law!

Judge Roan's words are worth their weight in gold.—Atlanta Constitution.

COLD AND ITS EFFECT.

Visitors to Gainesville from various sections of the East End report a white frost, which was especially severe in the Melrose and Waldo sections. It is not believed, however, that this frost will prove injurious to crops or vegetation, since the vegetable crop is fairly well advanced at this time. What cotton there is up is also sufficiently advanced, it is believed, to relieve the planters of any anxiety.

The heavy rainfall throughout the county of Sunday night and Monday has been worth thousands of dollars to the farmers and truckers. While it is true that the temperature in some sections fell to forty-three degrees, it was not a severe, piercing cold, hence no damage is reported or anticipated from this sudden change.

With a determination to stand no chances, the Gainesville Peach Orchard Company at Palmer, which owns one of the largest and finest young orchards in the State, decided to run fires at regular intervals through their orchard, which was a protection to the trees in the event that the temperature should drop to a point low enough to injure them. The rain was a great benefit to this orchard, and a prolific yield is anticipated the coming season.

The only damage reported to vegetation is injury to cucumbers and beans in some sections by the high winds of Monday. This damage does not seem to be general, however.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

There is a small upheaval now going on in the Treasury Department over the color question. For the first time in the history of the office a negro draughtsman has been introduced into the place. It came about through the fact that the negro had taken the Civil Service examination and stood at the head of the eligible list when draughtsmen were called for. The Architect of the Treasury, either knowing or caring nothing about his color, accepted him and set him to work. One of the men in the office, a Southerner, made no protest but simply sent in his resignation. Now there has been a petition circulated and signed by all the other men in the office asking the Secretary of the Treasury to remove the negro. Ordinarily the other clerks would be wasting their time in petitioning, for the government is very careful of the rights of the colored man and brother in Washington. But just now there happens to be a press of work in the office and competent draughtsmen are hard to get at the price the government is willing to pay. The men in the office threaten to resign in a body if their petition is not heeded, so the colored man is likely to be transferred or else the work of the government will be temporarily interrupted.

Wauchula will have a quarter-of-a-million-dollar corporation. They will have a railroad of their own, an ice factory and electric light plant. They expect to furnish that city with ice cheaper than any city in the State now enjoys.

Speaker Cannon is reported to have had the time of his life on the trip to Panama, but as he manages to have the time of his life wherever he happens to be, there seems to be no need of getting excited over it.

Enterprising newspapers might now start a guessing contest as to what would come up if a man planted a packet of government free seed.

Sour Stomach

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. I have been taking medicine and other drugs, but could find no relief only for a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very nice to eat."

GRANT AND PETERSBURG.

Where the Confederate Forces Lost a Great Opportunity.

Grant determined to cross the James at Wilcox's Landing, ten miles below City Point and entirely out of Lee's observation, and to move thence directly upon Petersburg with his whole army. He would thus pass in rear of Butler and attack the extreme right flank of the Confederate line, which it was certain would now be held by only a small force. It involved the performance of a feat in transportation which had never been equaled and might well be considered impossible without days of delay.

It was all accomplished without mishap and in such an incredibly short time that Lee refused for three days to believe it. During these three days, June 15, 16 and 17, Grant's whole army was arriving at and attacking Petersburg, which was defended at first only by Beauregard with about 2,500 men. Lee, with Longstreet's and Hill's corps, for the same three days lay idle in the woods on the north side, only replacing some of Beauregard's troops taken to Petersburg from in front of Butler.

But for this Longstreet's corps might have manned the intrenchments of Petersburg when Grant's troops first appeared before them, and it is not too much to claim that his defeat would have been not less bloody and disastrous than was the one at Cold Harbor, for, while the intrenchments at Cold Harbor were the poorest and slightest in which we ever fought, the Petersburg lines had been built a year before and were of the best character, with some guns of position mounted and all the forest in front cleared away to give range to the artillery.

This, then, was really the nearest approach to "a crisis" which occurred during the war. Instead of "success elsewhere," Grant here escaped a second defeat more bloody and more overwhelming than any preceding. Thus the last and perhaps the best chances of Confederate success were not lost in the repulse of Gettysburg nor in any combat of arms. They were lost during three days of lying in camp, believing that Grant was hemmed in by the broad part of the James below City Point and had nowhere to go but to come and attack us. The entire credit for the strategy belongs, I believe, to Grant, though possibly it may be shared by his chief of staff, Humphreys, whose modest narrative makes no reference to the subject.—General E. P. Alexander in Scribner's.

An Age of Machinery.

In the making of most of our household goods machinery has done away with the craftsman. True it is that some master mind plans the design in the first pattern that becomes the father of thousands, but if these things had been made by human hands we should have had not one but a thousand masters of their trade instead of one artist only and an army of workmen doing some monotonous routine job for their daily bread. The whole system is a premium on dullness and mediocrity. It may be argued that this machinery more or less makes for cheapness, and on that account a man can become possessed of more goods than he would have had without it, but a man's life hardly consists in the abundance of things that he hath, and it is also quite on the cards that a few good possessions are worth a whole host of bad. When we come to think that in the making of almost everything we wear, almost everything in the house upon which we step, sit or lie, machinery has had a hand to the ousting of some craftsman, the enormity of our wickedness becomes clear. —Reginald Newton Weekes in Nineteenth Century.

Noise and the Nerves.

It was Schopenhauer who said that insensibility to noise was the surest indication of a low and undeveloped nervous organization, on which assumption it is certain that we as a nation can hardly be reckoned very far advanced. Certain it is that we are more tolerant under this head than any other nation professing to call itself civilized, though I fancy the Americans run us pretty close in this respect. Sir Arthur Sullivan was wont to compose in the middle of the night because he could never obtain quiet at any other time, and without expecting the impossible or looking for legislation on a subject which is merely of concern to the community at large, irrespective of party issues, surely it is not too much to ask that the local authorities shall put their heads together on this matter and exercise the powers which they possess. Bernard Shaw once expressed the opinion that it was the "state aided noises," as he called them, which were the worst offenders—as, for example, the church bells and the military bands.—London Truth.

ORDINANCE NO. 132.

An Ordinance to Provide for, Regulate and Require the Widening of Pleasant Street in the City of Gainesville, so as to Make said Street a Forty-Foot Street From a Point Where Liberty Street Crosses said Street, Thence North to Boundary Street, for the Costs of Such Widening and the Issuance of Special Assessment City Certificates.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That the City Attorney be and he is hereby authorized and directed to institute or cause to be instituted the necessary and proper legal steps of proceedings to acquire by condemnation, as provided by law, a strip of land, in equal proportions, along the east and west sides of Pleasant street from its intersection with Liberty street, thence north to Boundary street, of sufficient quantity to make said Pleasant street a forty-foot street in width, from Liberty street to Boundary street.

Sec. 2—That the cost of acquiring said property as provided by section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street where the same is so acquired, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the property abutting thereon. The estimated total cost of the widening of said street as herein provided is Three Thousand dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is One dollar.

Sec. 3—The special assessments shall become due and payable as fast as the property herein described for the widening of said street shall be acquired, and the City Council shall as soon as practicable after the acquisition of said property meet and by resolution fix the special assessment per front foot upon the property fronting or abutting upon said street where the same is so acquired, said special assessment not to exceed the actual cost paid by the city for acquiring ssid property, or the estimated special assessment per front foot for such acquisition as stated herein.

Sec. 4—The City Council shall meet on the 8th day of April, 1907, at 7:30 o'clock p. m. of said day, in the Council chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of requirements of this ordinance.

Sec. 5—That this ordinance shall take effect immediately upon its passage and approval.

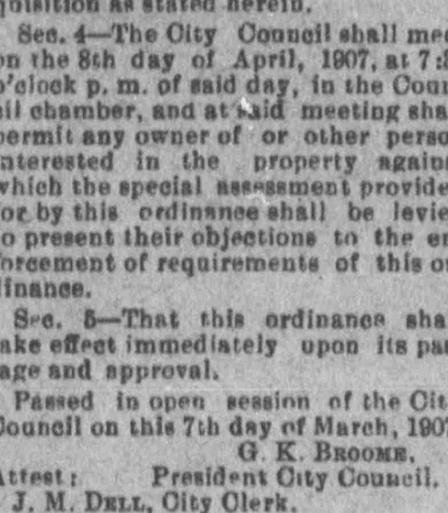
Passed in open session of the City Council on this 7th day of March, 1907.

G. K. Broome,
President City Council.

Attest: J. M. Dell, City Clerk.

Approved by me this 8th day of March, 1907 W. R. Thomas, Mayor.

Attest: J. M. Dell, City Clerk.



One Thing at a Time

"I can't afford to advertise on a large scale," said a merchant lately, "and with my varied stock I wouldn't know where to begin on a small scale."

It is a common fallacy that the advertising must cover the whole stock.

In point of fact it never does, even with the most lavish advertisers, and, if it did, the result would be a jumble of prolixity. The true policy is to select one article at a time—something moderately priced and meeting the want of the day—and push that at the people.—Philadelphia Record.

General Manager of That Road Has Severed Official Connection.

J. B. CUTLER IN CHARGE

Official Circular Announces That All Business Formerly Transacted by General Manager Will Be in Future Handled by General Superintendent.

Official Circular No. 1, Tampa and Jacksonville Railway Company, issued over the signature of First Vice-President A. P. Stuckey under date of April 4, says:

"Mr. C. N. Atkinson having resigned as general manager of this company, the office of general manager is abolished. All business heretofore transacted through the office of the general manager will in future be handled by Mr. J. B. Cutler, general superintendent, Gainesville, Fla."

This information will probably come as a surprise to the public, as well as some in railroad circles. Mr. Atkinson is interested in railway construction in Texas, and will probably devote his entire time to his extensive operations in that State.

Mr. J. B. Cutler, the general superintendent of the Tampa and Jacksonville, is one of the oldest and most widely known railroad men in the State, his career beginning many years ago. He is a man thoroughly competent, and is familiar with the situation and conditions in Florida, having been indentified with Florida railroads for the past twenty years.

In speaking of the extension of the road southward towards Tampa, upon which operations were ceased several months ago, Mr. Cutler states that the work will positively be resumed within the next thirty days, and will be pushed to completion as rapidly as time will permit. The survey has been established, and considerable right-of-way has been out. Several miles of grading have also been made. When completed the Tampa and Jacksonville will extend from Jacksonville to Tampa, as the name indicates, and it will be the trunk line of Florida.

CRIPPLED HANDS AND FEET

Marvellous Cure of Rheumatism by MINARD'S KING OF PAIN LINIMENT

"Four years ago I was taken with rheumatism. I lost the use of my hands and had to go to the hospital, but did not get any relief. I also had it in my limbs and body and could not walk for six months. I was a patient in the Homeopathic Hospital, the Emergency Hospital, and the New England Hospital, and did not get any relief from any of them. I also went to the Fourth Grade Hospital in New York. Some of Boston's best physicians attended me and still I found no relief. For three years I could not do any work at all, but for the last year, since using Minard's Liniment, I am able to do all my housework. I think that I know the worth of Minard's Liniment better than any person who has ever suffered with rheumatism. Hundreds of people who know of my suffering give Minard's Liniment the praise. I wish that every one knew the worth of this Liniment as I do. Yours truly, Mrs. Emma B. Williams, 62 Sawyer St., Boston."

Large bottles 25c. and 50c. At druggists and general stores.

For free sample bottle write Minard's Liniment M'f'g Co., So. Framingham, Mass.

Bishop Granbery Yields to Death.

Richmond, Va., April 3.—Bishop John C. Granbery, of the Methodist Episcopal church, south, died suddenly at his home in Ashland Monday, while sitting in a chair. He was 76 years of age and had been bishop since 1882.

Nashville, Tenn., April 3.—The death of Bishop Granbery makes four bishops of the Methodist Episcopal church, south, who have passed away during the past two years, the others being Bishops Tiget, Hargrove and Smith. Bishop Duncan is seriously ill and is not expected to recover, while Bishop Fitzgerald's health is exceedingly feeble.

Don't Put Off

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

Agrarian Troubles Break Out.

Nizhni Novogorod, Russia, April 3—Agrarian disorders have broken out in the Sergachevsk district. In an encounter with the troops 56 peasants were wounded and a rural guard was killed.

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

EASTER AT MELROSE.

Services in Methodist and Episcopal Churches Very Impressive.

Melrose, April 3.—The Easter Sunday services, both at the Methodist and Episcopal churches, were attended by large congregations. At the Methodist church Presiding Elder Bridges preached, and Mrs. L. M. Pearsall rendered "I Know That My Redeemer Lives" most beautifully. The church was prettily decorated with Easter lillies and ferns.

At Trinity M. E. church, the choir of ten made its first appearance in their vestments, and under the leadership of Mrs. A. Gomez sang the service in a manner most creditable to themselves and to Mrs Gomez' fine teaching. The anthem, "Tell It Out," music by P. A. Schneker, words by Ida S. Taylor, was especially finely rendered. The profuse decorations were of palms, white oleanders and paw-paw blossoms, to which red Amaryllis lillies added the needed touch of coloring.

The long wished for rain came as a welcome Easter gift on Sunday night, continuing more or less all Monday, with a total fall of three-fourth inches. The lowest temperature registered was 43 degrees.

Lhe Grimes of Jacksonville is visiting his parents for a week or two.

The family of A. Goodson are moving into town, and will occupy the Huffman cottage, Bellamy avenue.

Newly registered at the Huffman House are Wm. Manderson, Francis Manderson and Miss J. Manderson of Philadelphia, and J. S. Courier of Palatka.

On account of the low water in the canal, the steamer Alert will make only one trip a week until further notice.

Tetter, Salt Rheum and Eczema

Are cured by Chamberlain's Salve. One application relieves the itching and burning sensation.

SHORT TALKS BY L. T. COOPER.

DEBILITY.

Many people who talk to me say: "I feel half sick all the time. I dont just know what's the matter with me." This is general debility. It's very common. People who get in this shape have my sympathy. They arn't sick enough for bed so they drag around and their families get exasperated with them.

E. McDADE.

There are two causes for this condition; bad habits and a weak stomach. By bad habits I mean eating irregularly and too fast and not chewing the food thoroughly. The stomach gives out and loss of appetite, billiousness, constipation, and general debility result. First get the stomach in shape and then be more careful in the future, and the worn out, despondent, half sick feeling will be a thing of the past.

Two bottles of Cooper's New Discovery will put the stomach in shape. Common sense will do the rest. There are fifty thousand people in this country who know this to be true because they've tried it.

Here's a letter from one of them:

"I was all run down from overwork, lost ambition and energy and could not sleep. It was difficult for me to attend to my work owing to that tired-out feeling. I secured two bottles of the New Discovery medicine and determined to try it. The result delighted me for renewed strength and vigor and energy came with the first few doses. It's effect was different from anything I had ever taken. I finished the two bottles now and feel well and strong again." E. McDade, 839 Dix Ave., Detroit, Mich.

We hear favorable reports of these famous medicines every day. Ask us about them.

Strikers Start Line of Hacks.

Montgomery, Ala., April 3.—The strike sympathizers threw bricks and stones at one of the Montgomery Traction company cars Monday afternoon, slightly injuring a motorman. Several arrests were made. Twenty-nine cars, practically all that can be handled normally, are in service and the regular service has been resumed. The strikers are putting on a hack line to cut into the street car business.

Doing Up a Shirt.

TO CURE THAT COLD

Local Druggist's Suggestion.

Said Druggist W. M. Johnson: "This is the season for coughs and colds, and for the benefit of Gainesville people we want to tell them the best means for a cure.

"Don't dose the stomach with cough syrups. It's no use; they only soothe a little—upset the stomach and do not heal.

"The best cure we know is Vinol, which contains in a highly concentrated form all of the healing, curative elements taken from genuine fresh cods' livers, without a drop of oil to upset the stomach and retared its work. It contains no sickening drugs whatever. Vinol heals, cures and strengthens the sore lungs and bronchial tubes. It makes rich, red blood, builds up the appetite and creates strength; in fact it is the best remedy we have ever sold in our store for chronic coughs, colds, bronchitis, and all lung affections.

"We ask every person in Gainesville who has a chronic cough or hard cold to try Vinol on our guarantee to return their money if they are not satisfied."—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

BUILT A NEW TOWN.

Phifer's Siding, Between Rochelle and Grove Park, Place of Importance.

Phifer's Siding, located midway between Rochelle and Grove Park, is destined to become a place of considerable commercial importance. This is the headquarters of the big sawmill and naval stores enterprises of W. B. Phifer, which are among the most extensive in this section of the State. Mr. Phifer has recently completed his mill, which has a capacity of 20,000 feet per day, and which, in connection with the naval stores, gives employment to a large number of people.

Phifer's Siding already has a score or more of houses, a thrifty population, and is growing every day. The commissary is also located at this point.

THE DANCE TONIGHT.

Elks' Club Will be Thrown Open and Hospitalities Extended.

For the first time since its completion, the elegant Elks' Club, corner West Liberty and South Pleasant streets, will be thrown open tonight, the young people having arranged for a dance. This will afford the people an opportunity to inspect the building.

The large lodge-room, which will be used for dancing, is one of the finest for the purpose in the State. The room affords plenty of room, the floors are especially adapted, and altogether there is no reason why the first dance in the new club should not be a success.
